

Together We Can Make a Difference

Support our Young People, Support JA!

Junior Achievement (JA) believes in the boundless potential of young people. Irrespective of their socio-economic background, they can create their own future. JA is dedicated to **inspiring and preparing young people to succeed in the global economy**, through our experiential learning programs in **entrepreneurship, financial literacy** and **work readiness**.

As one of the world's largest youth-serving NGOs, the JA network of over 465,000 volunteers serves more than 10 million students in over **100 countries**. For 100 years, JA has been creating pathways for employability, job creation, and financial success.

Junior Achievement Hong Kong (JA HK)

JA HK is a leading provider of Other Learning Experiences in Hong Kong. Since our establishment in 2001, we have served over 360,000 students from more than 600 local schools, with the support of over 22,000 business volunteers.

JA HK is a registered not-for-profit, tax exempt charity under section 88 of the Inland Revenue Ordinance in Hong Kong. The continuation of our works and inspirations for the younger generation hinges on the valuable support from different stakeholders in the community. JA's impact is the direct result of donations from partner companies and individuals.

Your support will:

✓ Enhance and grow our existing programs

Each year, we offer over 15 programs to primary, secondary schools to tertiary institutions, enabling young people to learn the world of work from first-hand experience of business volunteers. Your donation gives more students the opportunity to develop a confidence in their future.

✓ Enable the launch of new initiatives

Technology and globalisation are significantly transforming work. According to the Education Commission, by 2030 more than half of youth worldwide will not have the skills or qualifications necessary to participate in the emerging global workforce. Your donation fuels our research and developments for new curriculum that promotes the awareness on the latest changing career trends and development of future skills among our younger generation. All is fundamental and essential for Hong Kong's sustainable economic growth.

✓ Build our organisational capacity

To deliver our mission effectively now, and in the future, we need on-going investment in capacity building, from developing our human capital, identifying a service strategy, improving volunteer recruitment, updating our technology, and improving how we monitor our outcomes. Your donation strengthens our ability to have a positive impact on lives and communities over time.

We appreciate your generous donation in creating a sustainable platform for JA HK's works for our young people!

Donation

We would like to make a donation of HK\$ _____ to support JA HK.

- By cheque: payable to “**Junior Achievement (Hong Kong) Limited**”; or
- By direct deposit: JA HK account “**HSBC 459-237665-001**”
